### DESCRIPTION

For more than 40 years, our handcrafted cedar cupolas have provided a fresh breath of tradition to country homes, carriage houses, barns, and public buildings. They add a charming architectural accent while substantially improving ventilation. With new materials our PVC vinyl features simple, clean lines and large, flow-through vinyl louver panels.

The shapely copper and aluminum roofs are distinctive and long-lasting. Topped with one of our handsome weathervanes, our cupolas are a graceful reminder of our proud American heritage. They delight the eye and add lasting value to the property.
