DESCRIPTION

Stair Kit 94" foot long for Straight Wall applications, complete with, one 94" length of Shoe mould; Lower rail; Upper rail; Cap trim; and two 94" long unshaped stiles to be cut at an angle and shaped on site. All trims are made from primed MDF except for the Cap Trim and Shoe trim which is made from primed, finger joined Poplar for better impact and protection against moisture.

You may want to order the matching router bit from us to save time. The 94" stiles can make anywhere from 4 to 6 stiles depending on the height of the system and the angle of your stairs.
