DESCRIPTION

Loctite® Power Grab® All-Purpose Construction Adhesive Squeeze Tube is a premium quality, high strength, gap-filling adhesive. This construction adhesive has nine times the tack or instant grab compared to other latex construction adhesives on the market today. This extremely high tack adhesive eliminates the need for nails and screws in many DIY and repair jobs. The adhesive has a very low odor, and requires only soap and water to clean up. This makes it safe, easy to use and environmentally friendly.
