### DESCRIPTION

The Adjustable Gate Kit allows you to cut a gate to your own custom width needs. The kit includes two End Caps that encapsulate a 36" Level Rail section (not included), cut to the required width. The maximum width that this kit can support is 48". The kit also included cross strapping material and fasteners to secure the gate together once assembled. Can be used with Series 100 Level Rail. NOTE: The gate kit requires a section of Level Rail which is not included, but sold separately.
