DESCRIPTION

One 8ft length of Elite BeadBoard Plank, in MAPLE, 3/8" thick by 8 1/4" wide which may be cut down to make stiles. As seen in the picture, four beads are cut into the veneer core two inches on center and the core is made from MDF. The 8" wide pieces fit perfectly together. This is the profile that we use for our Bead Board Kits, cut in one third to a length of 32". When cut in half, the stiles would be 48" high to be used for taller applications. Note: This BeadBoard plank may also be used for full height accent walls or any application that would use 4 x 8 ft sheets.
