DESCRIPTION

Elite Raised Panel Wainscoting Entire Wall Kit, 5ft wide, 95" high. Consisting of: 6-- 1/8" x 24 x 24" & 3-- 1/8" x 28 x 24 primed, shaped raised panels. All the 5 ft rails shown in illustration including the shoe trim. The pre-shaped panels save cutting and shaping time on large jobs and can be easily cut and customized on the job site to suite any layout. This kit is suitable for an overall wainscot height of between 90" and 100". The 95" height can be reduced by cutting down the rails or increased by adding crown moulding or baseboards. The panels and horizontal rails are made from primed MDF and the cap and shoe trims are made from primed, finger-jointed Poplar for better impact protection against moisture.
